Abbreviations

- sc - single crochet
- wc - waistcoat stitch
- inc - increase waistcoat or single crochet stitch
- dec - decrease waistcoat or single crochet stitch
- hdc - half double crochet
- blo - back loop only
- () - repeat stitches inside parentheses around or number of times specified

Waistcoat Stitch

The waistcoat stitch is what creates a great, dense fabric for this project.

A waistcoat stitch is worked identically to a single crochet, except you go **through** the post of the next single crochet, under the horizontal bar and between the legs

Notes

This pattern is split into three different sections: cap, base, and lanyard. Feel free to mix and match!

All patterns are worked in a spiral unless otherwise specified.

I've also included a few decoration options if you want to add some spots.

Lanyard Instructions

OPTION A: I-Cord

Step 1: Chain 3

Step 2: Skip 1 chain, insert hook into the next chain. Wrap the yarn over and pull up a loop. Insert hook into the next chain, wrap yarn and pull up a loop. You should have three loops on the hook.

Step 3: Remove the first two loops on the hook. Hold them with your thumb and index finger to make sure they don't slip back through.

Step 4: Wrap yarn and pull up a loop.
Step 5: Insert hook into second loop, wrap yarn, and pull up a loop.

Step 6: Insert hook into last loop, wrap yarn, and pull up a loop.

Repeat from Step 3 until your lanyard is 24" or desired length.

(photo on next page...)

I-Cord ^

OPTION B: Chain

** I wouldn't recommend this cord for a heavier item

Step 1: Ch until desired length is reached, around 24 inches.

Step 2: Cut long tail and pull through final chain to secure.

Assembly Instructions

Using a yarn needle, secure one end of the lanyard to the inside of the base. Use hook to pull lanyard up through one hole on the cap and down through the other.

Attach other end of lanyard opposite the first on the inside of the base.

Decoration Instructions

Small Stitches

Using a contrasting yarn and yarn needle, securely attach yarn with a knot to the inside of the cap.

Pull yarn up through cap to outside. Create loop with yarn and insert needle back near the same hole and pop it to the outside about $\frac{1}{4}$ " away. Pull needle through, making sure the loop is still around the working yarn.

Insert needle back to the inside of the cap immediately in front of where it came out, on the outside of the loop.

Secure yarn before making any more.

Spots

Chain stitch in a circle, any size

Repeatedly stitch from one side to the other in the center of the chains in a star pattern to fill in center.
